

Heimbach is one of the world's leading suppliers of high-technology products and services for the paper industry. Our expertise is in development, manufacture and sales of forming fabrics, press felts and dryer fabrics for paper machines. We produce at 8 locations in Europe and Asia with 1,250 employees.

To strengthen our team in the business unit "paper machine clothing" we are looking for a

Service Representative (m/f/d) for Northern Italy

Assignments:

- You accompany our products at our customer:
 - Feeding fabrics into the paper machine
 - Performance of seam and fabric inspections and repairs, drainage analyses and other measurements
- You write various reports, e.g. service and travel reports, and store them in our customer database
- You prepare, create and hold presentations
- You are in constant exchange of experience with the Application department regarding the selection of types for the specific positions
- You observe the paper industry with regard to technological developments, energy saving possibilities and process optimization

Requirements:

- Technical or industrial apprenticeship
- Knowledge of paper manufacturing, ideally you have gained experience in a manufacturing company
- Experience and knowledge of paper machine clothing's production
- You are flexible and willing to travel (> 50 %)
- Good written and spoken English and Italian language skills are required, fluent additional language would be appreciated
- Driver's license

We offer:

- A permanent employment contract with a 40-hour working week
- Flexible working hours
- Home Office
- A company car also for private use

If you are interested in the position, please send an application stating your salary expectations and the earliest possible starting date to our following email address bewerbung@heimbach.com.
